 [Click here to go to the Net Price Calculator for a better estimate of what your costs would be.](#)

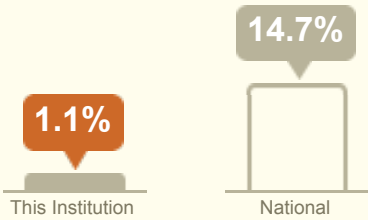

### Graduation Rate

**What percentage of students graduate?**

89.9% of full-time students received their bachelor's degree within 6 years and 7.9% transferred to another institution. Graduation rate data are based on undergraduate students who enrolled full-time and have never enrolled in college before. This may not represent all undergraduates that attend this institution.

### Loan Default Rate

**Are students able to repay their loans after they graduate?**

1.1% of borrowers defaulted on their Federal student loans within three years of entering repayment.

## Median Borrowing

**\$227.93 / mo**

### What is the typical amount borrowed for a student's undergraduate study?

Families typically borrow \$19,806 in Federal loans for a student's undergraduate study. The Federal loan payment over 10 years for this amount is approximately \$227.93 per month. Your borrowing may be different.

## Employment

### What kinds of jobs do students have when they graduate?

The U.S. Department of Education is working to provide information about the average earnings of former undergraduate students at William & Mary who borrowed Federal student loans. In the meantime, ask William & Mary to tell you about how many of its graduates get jobs, what kinds of jobs they get, and how much those graduates typically earn.

Visit <http://www.mynextmove.org> to explore what potential careers a particular postsecondary program or major prepares you to enter. The site has information about current earnings and potential growth in those occupations.
